2024

About Me

I am a full-stack developer with expertise in MERN technologies. I have completed a 3-month internship in full-stack development and have over 6 months of work experience beyond that. Besides full-stack, I also have good knowledge of programming. Additionally, I know basic Linux, WordPress, SEO, and networking."

Work Experience

FULL STACK DEVELOPER

2023 - Present

FANTASY KHLADI | 2023 - PRESENT

I am currently working as a Software Engineer at Fantasy Khiladi Pvt Ltd. During my tenure here, I have independently worked on two projects. Additionally, I have also contributed to projects involving SEO and WordPress within the company.

FULL STACK DEVELOPER

2023

BHARAT INTERN | 3 MONTHS INTERNSHIP

During my internship at Bharat Intern, I worked on developing a blog website and a weather checking web app. Through these projects, I gained deep insights into APIs and front-end development.

CERTIFICATES & AWARDS

WEB DEVELOPMENT MERN STACK

TUTEDUDE | 3 MONTHS

I completed a paid course offered by an EdTech company where I learned MERN stack development comprehensively, covering front-end, back-end, and database components. Throughout the course, I built several projects, gained hands-on experience, and successfully completed tests and projects to earn certification.

ETHICAL HACKING

INTERNSHALA | 3 MONTHS

During the training, I acquired knowledge in Information Security fundamentals, Computer Networking, and Web Development. I also gained expertise in Information Gathering, Vulnerability Assessment and Penetration Testing (VAPT) focusing on OWASP top 10 vulnerabilities, Automating VAPT processes, and Documenting and Reporting Vulnerabilities. In the final assessment, I achieved a score of 57%. I look forward to applying my skills in future endeavors.
