ISIM Hakathon 2.0(1 st Runner up) 2024

About Me

Highly skilled Full Stack Web Developer with expertise in front-end and back-end technologies like HTML5, CSS3, JavaScript, Node.js, and TypeScript. Strong problem-solving abilities and adaptability to new tech. Developed a healthcare project for Usa Client and a Service Management project for Oman. Experienced in creating user-friendly, responsive websites that enhance engagement. Proven leadership in team collaboration and independent work. Specialized in JavaScript, UX optimization, and efficient development.

Work Experience

SOFTWARE ENGINEER   2025-Current
INVENTCOLABS

I am presently working at Inventcolabs as a Full Stack Developer. My responsibilities include maintaining and enhancing full-stack projects, as well as building new products using the MERN stack. I work on both frontend and backend development to deliver complete, scalable solutions

FULL STACK DEVELOPER   2024-2025
RAMPWIN TECHNOLOGIES

Developed and maintained front-end applications using React.js, JavaScript, Typescript, HTML, CSS, and jQuery. Built back-end services with Node.js, Express, and MongoDB for data management. Integrated RESTful APIs, implemented automated testing, and optimized performance using caching techniques.

CERTIFICATES & AWARDS

WEB DEVELOPMENT MERN STACK
TUTEDUDE I 3 MONTHS

I completed a paid course offered by an EdTech company where I learned MERN stack development comprehensively, covering front-end, back-end, and database components. Throughout the course, I built several projects, gained hands-on experience, and successfully completed tests and projects to earn certification.

ETHICAL HACKING
INTERNSHALA I 3 MONTHS

During the training, I acquired knowledge in Information Security fundamentals, Computer Networking, and Web Development. I also gained expertise in Information Gathering, Vulnerability Assessment and Penetration Testing (VAPT) focusing on OWASP top 10 vulnerabilities, Automating VAPT processes, and Documenting and Reporting Vulnerabilities. In the final assessment, I achieved a score of 57%. I look forward to applying my skills in future endeavors.
